UNIVERSITY OF SOUTH CAROLINA

FACULTY COMMITTEE STRUCTURE
Revised
September 18, 1974

GENERAL

Terms. --Terms of all appointed and elected members will run for two years beginning in the first full month of the academic year, unless specified otherwise. No member may succeed himself as a member of the same committee. No faculty member may at one time serve as a voting member on more than two standing Faculty committees.

Ex-officio members. --All ex-officio members will serve permanently. Ex-officio members are not considered to be members of a committee in so far as computing their maximum of two committee assignments is concerned. The nature of being an ex-officio member of a committee is that of an advisory capacity. The ex-officio member should make available to the committee his knowledge and expertise in the matters which the committee considers; he is not empowered with a vote, except as noted, in the decisions of the committee. He should not attempt in any way to exercise control in the decisions of the committee except at the request of the committee. An ex-officio member of a committee cannot be elected chairman of a committee since his membership is in an advisory capacity only. This provision is in accord with an ex-officio member's not having voting rights, since the chairman of a committee is normally allowed to vote in case of a tie. The Director is an ex-officio member of all committees and will not be listed as such separately.

POLICY AND PROCEDURE

REGISTRATION

A notice is sent annually to each faculty member from the Dean for Academic Affairs giving the date on which all faculty are expected to return to begin work for the Fall semester. Registration days are indicated on the academic calendar. All faculty are expected to be available to assist with the registration process. Division chairmen notify faculty members of their specific duties at registration.

GRADUATION

The graduation of students is one of the most important events in the academic year. It represents the recognition of a student's achievement. Because of the significance of the occasion for the students and the institution, all faculty are expected to attend the graduation exercises. Caps and gowns may be rented in the spring if faculty members do not own them.

MEETINGS

The noon hour on Wednesdays is set aside for the purpose of holding any meetings which may be necessary. Faculty meetings are held regularly on the second Wednesday of each month. An agenda is circulated prior to the meeting. Administrative meetings are held each Monday morning in the Administration Building. Faculty committee meetings are called by the chairmen. These meetings are frequently called for the noon hour on Mondays, Wednesdays, or Fridays. There are occasions, however, when committee business and schedules necessitate meetings at other times. The chairmen attempt, insofar as possible, to arrange times convenient for all members. Attendance at committee meetings, faculty meetings, and other meetings such as those of a division or a department is a prime responsibility of every faculty member.

PROFESSIONAL TRAVEL

Attendance at and participation in professional association meetings is strongly encouraged by the university. Funds are available in each division for travel for all faculty members in that division who are interested in attending such meetings. The division chairman can supply the faculty member with full information regarding the funds available for such purposes.

OFFICE HOURS

It is the philosophy of the University of South Carolina at Spartanburg that faculty and administrative personnel be easily available to students. Consequently, every faculty member is expected to post and maintain office hours. A schedule of five hours a week, or one hour each class day shall be considered as minimally acceptable. All faculty members are requested to submit copies of their schedules to their Division Chairmen.

TARDINESS - ABSENCE

Tardiness to class on the part of faculty members is frowned upon by the university. However, should an emergency delay any instructor from meeting class at the appointed hour, it has been generally agreed that the students are under the obligation of waiting at least ten minutes past the scheduled class time.

In the case of illness or other exigency necessitating absence from class, the faculty member should notify the Division Chairman immediately so that arrangements can be made for the class. The Division Chairmen are also charged with filing monthly attendance reports for their faculty with the Business Office.

GRADUATE STUDY BY FULL-TIME FACULTY MEMBERS

The improvement of professional qualifications by faculty members is encouraged. However, in order to minimize any disruption of the University of South Carolina at Spartanburg schedule and related activities, all plans for graduate study must be presented each semester to the Division Chairman, who will submit his recommendation to the Dean for Academic Affairs for approval. Final approval rests with the Director.

STUDENTS' RIGHT OF PRIVACY REGARDING GRADES

Faculty members must not post, as public information on bulletin boards, office doors, or elsewhere, any grade (daily quiz, hour quiz, mid-term grade, final examination, or semester grade) of any student by name. Such practices, including associating a student's grades with his initials, have been determined by the courts to constitute an invasion of privacy. Class grades may be posted properly when the grade of an individual student on the list is associated with his social security number only.

In addition, the practice of leaving graded quiz papers indiscriminately outside faculty offices or on classroom tables could be interpreted as an invasion of privacy and is therefore prohibited.

THE RECORDS

Student files are kept in the Records Office and may be used by instructors. However, the files may not be taken from the office area. Also, certain forms for use by students are kept in the Records Office:

Drop-Add-Extra Course Forms -- for use by students dropping or adding courses prior to the final date shown on the University Calendar and by students desiring to take eighteen hours (3.0 GPR in previous semester required)---requires the signatures of instructor and faculty advisor.

Advance Standing Forms -- for use by students placed in higher level courses while exempting courses at a lower level---allows students to receive hour credit for courses exempted provided their performance was "C" or better in advanced work.

Validation Forms -- for use by students to validate courses by examination.

EMERGENCY PROCEDURE

In case of accident or injury on campus, faculty members are asked to notify the Student Affairs Office or the Switchboard Operator.

GRADE REPORTING

Class rolls will be placed in faculty boxes as soon as received from the Columbia campus. Corrections must be returned to the Records Office on the forms provided. Also, the yellow copy of each class roll must be returned to the Records Office by the date requested.

Similarly, grade sheets will be placed in faculty boxes as soon as possible after mid-term for freshmen only and prior to exams for all students. Computer deadlines require that all grades be submitted to the Records Office at the time and date designated for each semester. Records personnel are responsible for hand-carrying all grade sheets to Columbia in time to meet these deadlines.

In the event a student withdraws completely from the University after the penalty date, a card will be sent to the faculty member to determine if the student has earned W or WF. These cards are to be submitted to the Records Office for processing.

Should it be necessary to change a grade due to error, this change should be reported to the Records Office. Ultimately, such requests for grade changes are presented for faculty action. However, the grade of "I" may be changed to a letter grade by use of the Change of Grade Form available in the Records Office.

VISITING SPEAKERS

Any special convocations or other assemblies outside regular class meetings and involving off-campus speakers must have the approval of the Director prior to the invitation of speakers or performers. Normally the recommendation should be submitted by the faculty member at least two weeks in advance of the desired date to allow time for reviewing the merits of the request and for scheduling on the university calendar. Nothing is official until the event has been cleared and added to the calendar in the Office of Student Affairs. After the event has been scheduled, the Dean for Student Affairs and the Public Information Officer will assume responsibility for appropriate promotion and publicity.

English Writing Laboratory

The English Writing Laboratory is designed to serve those students who have already completed freshman English programs, but who need further assistance and instruction to improve their writing skills. Students may receive assistance in the laboratory by being referred by an instructor in one of their courses, or they may come to the laboratory and request assistance themselves.

Students in the Writing Laboratory will be tested with the Missouri English Test and with a writing sample designed by the English department. The student's particular needs will be diagnosed by using the above combination of testing instruments and by the problem areas indicated on the referral sheet. When the student's needs are assessed, he will receive individual instruction from a full-time member of the English department. Upon achieving competence in his writing skills, the student will be certified by his primary laboratory instructor and by one other English instructor. One copy of his certification and referral sheet will be sent to the referring faculty member, one will be given to the student, and one will be kept on file in the English Writing Laboratory.

A student may be referred to the writing laboratory during a course or at the end of the course. If referral is made at the end of the course or if the student has not achieved competency by the end of the semester in which he was referred, he will receive an Incomplete (I) from the referring instructor which will be changed to a specific grade upon certification of the student's competency.

A copy of the referral form is included in the sample forms in section 5 of the faculty handbook. Additional forms may be obtained from any division secretary or from the secretary for the Division of

Fine Arts, Languages, and Literature.

The hours of the English Writing Laboratory and the staffing faculty may be found in the English section of the master schedule.

REFERRAL TO ENGLISH WRITING LAB

This form should be used to refer a student who is deficient in writing skills to the English Writing Lab. Please complete as fully as possible.
